

# St. Luke's Day School Emergency Notification System Summer 2018

St. Luke's Day School utilizes an emergency notification system that will notify you via text and occasionally a recorded message of different situations at the school (closings, severe weather, etc.) Participation in this system is voluntary. We only need one parent/guardian for each family. Please fill out the below information. Once you are loaded into the system you will be notified by email what is required to activate your phone in our system. You will only receive notifications during the times/sessions when your child is attending. At the end of the summer, your information will be deleted from the system.

If you have any questions about this system, email Rachel Green [rgreen@stlukesmethodist.org](mailto:rgreen@stlukesmethodist.org)

Child(ren)s Names: \_\_\_\_\_
